## 10:10

### Community Action

# Actions for Camden

## 1. Community Energy

- Developing local community energy generation (with support from local London and Camden policies)

## 2. Living Streets

- Building local support for and then lobbying council for pro-cycling/walking and anti-car local infrastructure changes (pedestrianisation, cycle lanes, on street bike storage, parklets, school streets, modal filters etc)

## 3. Urban Greening

- living walls, green roofs, grasscrete and most importantly community tree planting
