

online safety

make sure you
never tell
anyone your
passwords

a strong password is at least 12
characters long, uses a mix of
uppercase and lowercase letters and
numbers

always remember,
when something seems
too good to be true, it
probably is!

don't share personal
information or meet with
someone you meet on the
internet

don't reply, but tell a
parent or guardian
immediately

**THINK BEFORE YOU POST!
IF SOMETHING IS ONLINE,
IT STAYS IN THE
INTERNET FOREVER**
