

DIG IT ! ARCHAEOLOGY AND BEYOND

Discover the secrets of the past in this hands-on archaeology workshop designed for curious and creative students. Through interactive activities, participants will explore the methods archaeologists use to uncover and interpret historical artifacts and ancient sites. The workshop includes:

- **Introduction to Archaeology:** Discover its significance.
- **Artifact Analysis:** Analyse real human bones and identify their origins.
- **Storytelling Through Objects:** Learn how history is reconstructed from artifacts.
- **Career Insights:** Gain insights from professionals in archaeology and heritage who work at the Museum of London Archaeology
