About the project.

Fevered Sleep are seeking 8-11 year olds to be in our new show, 'Time Keeps The Drummer'.

We're hosting auditions on **7-8 June** in Camden, with performances taking place in September 2025 at The Place and Arts Depot in London.

Time Keeps The Drummer is a transformative experience for children, exploring our relationship with time.

This playful performance uses movement, projections, music, and sound to create a space where time is fluid, joyful, and full of possibility, inviting audiences to rethink how they experience time.

A young Black girl with glasses and headphones is shown in profile, looking down at a device. She is wearing a white t-shirt with a logo that says "yes" and "dance". The headphones have a logo that says "The Institute" and "R".

Why take part?

The project is open to all children, but being curious and open to new experiences is essential. We are looking for children who love to move and play. Previous dance experience isn't required.

They'll work with our award-winning Artistic Directors, ahead of shows at The Place (Camden) and Arts Depot (Barnet).

"I liked meeting new friends and absolutely loved the performances."
